

THE ASSOCIATION

CONFIMPRESAITALIA is a national association that operates for the defense of the rights and interests of the entrepreneurs in various sectors such as industry, agriculture, tourism, professional services, and of pensioners.

The association provides SMEs with the necessary tools to be competitive on the national and international market. Confimpresaitalia is a trade union organization founded by a group of Italian entrepreneurs with the mission of protecting the entrepreneurs in the trade union, economic and financial, technological, and environmental field and ensuring their representation in respect of trade unions of workers, of the political and administrative authorities, organizations and associations.

For Confimpresaitalia SMEs are the main driver of Italian economic development.
